WBE/SBE (California/Federal Govt./PUC certified)
SBE #248143: City of Sacramento

Dear Customer,

Please refer to the following list of products we supply for the heavy civil construction market along with other job specific items at very competitive prices. We offer excellent customer service and years of experience in the construction materials industry, and we look forward to working with you.

Bearing Pads: Laminated, PTFE or Plain	Spherical Bearings
Silicone Grease: for Bearing Pads	Contact Adhesive: Caltrans approved
Conduit: Galvanized Rigid/PVC	Steel Beams/Steel Pipe Pile
Welded Steel Pipe: Coated, Lined or Plain	Polyester Concrete/Methacrylate
Casing Pipe	Misc. Construction Materials
Ductile Iron Pipe	Dowels, Epoxy
Bridge Deck Drainage Systems	Timber Lagging
Misc. Metals/Cable Restrainers	HDPE Shims
Soffit Access Covers/Grates/Barrier Rail	Water Meters
Expansion Joint Seals	Welded Wire Mesh, Post Tension Wire
Grated Line Drains	Pipe Key-Shear Key
Waterproofing Materials	Anchor bolts, Headed Studs, Nails
Drainage & Irrigation Materials	Formliner
Site Furnishings	Reinforced Concrete Pipe and Manholes
NPS Water Supply Line: 2"-6" system	Metal Beam Guard Rail
Electrical Supplies	Chain Link Fence
Precast Concrete Items: Pipe Supports-Benches-Signs-Tables-Bollards, etc.	

“We’ll get you the right material when you need it.”

Civil Engineering and Stormwater Solutions

Aug 26, 2014

RE: Proposal for SWPPP for 99W Bridge Replacement Project, Bids 8/27/14

Dear Prime Contractor;

Thank you for the opportunity to provide a bid for this work. We provide civil and stormwater engineering services.

Scope of Work:

- A. Prepare Stormwater Pollution Prevention Plan (SWPPP).
 - I. Prepare SWPPP per State and contract requirements. Include REAP template, CSMP and SAP.
 - II. Prepare Notice of Termination (NOT) at completion of project.
 - III. Submit SWPPP to State Water Board via SMART program.
 - IV. Prepare a Notice of Intent, if applicable. Include Risk Assessment and Site Map.
 - V. Prepare Water Pollution Control Drawings as part of SWPPP.
 - VI. Exclusions:
 - a. Role of Water Pollution Control Manager and required monitoring, NOI fees, BMP's, site inspection and testing will be the contractor's responsibility.
- B. Provide Stormwater Annual Report
 - I. Prepare Stormwater Annual Report in accordance with the SWRCB requirements.
 - II. Report will be prepared by a certified QSD

Fee:

The SWPPP will be prepared for a Fixed Fee of the following, with fees billed monthly based upon percent completion:

A. Prepare SWPPP	\$ 1,800
B. Prepare Stormwater Annual Report \$250 EA x 2	\$ 500

Fees will be due within 30 days of client's receipt of invoice.

Timing and deliverables:

The SWPPP will be provided within 2 weeks of authorization to proceed. The document will be provided in hard copy (4 copies) and electronic PDF format.

Sincerely,

AUTHORIZATION TO PROCEED

EXHIBIT 15-H DBE INFORMATION- GOOD FAITH EFFORTS

DBE INFORMATION—GOOD FAITH EFFORTS

Federal-aid Project No. **BRLS 5908(070)**

Bid Opening Date: 08-27-2014

99W BRIDGE REPLACEMENT PROJECT

The **County of Tehama** established an Under-utilized Disadvantaged Business Enterprise (DBE) goal of **5%** for this project. The information provided herein shows that a good faith effort was made.

Lowest, second lowest and third lowest bidders shall submit the following information to document adequate good faith efforts. Bidders *should* submit the following information even if the “Local Agency Bidder – DBE Commitment” form indicates that the bidder has met the DBE goal. This will protect the bidder’s eligibility for award of the contract if the administering agency determines that the bidder failed to meet the goal for various reasons, e.g., a DBE firm was not certified at bid opening, or the bidder made a mathematical error.

Submittal of only the “Local Agency Bidder – DBE Commitment” form may not provide sufficient documentation to demonstrate that adequate good faith efforts were made.

The following items are listed in the Section entitled “Submission of DBE Commitment” of the Special Provisions:

A. The names and dates of each publication in which a request for DBE participation for this project was placed by the bidder (please attach copies of advertisements or proofs of publication):

PUBLICATIONS	DATES OF ADVERTISEMENT
Daily Construction Service	8/14, 8/18, 8/21, 8/25
Small Business Exchange	8/14, 8/18, 8/21, 8/25

See attachment A for Proof of Publications

B. The names and dates of written notices sent to certified DBEs soliciting bids for this project and the dates and methods used for following up initial solicitations to determine with certainty whether the DBEs were interested (please attach copies of solicitations, telephone records, fax confirmations, etc.):

NAMES OF DBES SOLICITED	DATE OF INITIAL SOLICITATION	FOLLOW UP METHODS AND DATES
--------------------------------	-------------------------------------	------------------------------------

See attachment B

C. The items of work which the bidder made available to DBE firms, including, where appropriate, any breaking down of the contract work items (including those items normally performed by the bidder

with its own forces) into economically feasible units to facilitate DBE participation. It is the bidder's responsibility to demonstrate that sufficient work to facilitate DBE participation was made available to DBE firms.

ITEMS OF WORK	BIDDER NORMALLY PERFORMS ITEM (Y/N)	BREAKDOWN OF ITEMS	AMOUNT : (\$)	PERCENTAGE OF CONTRACT
See attachment C				

D. The names, addresses and phone numbers of rejected DBE firms, the reasons for the bidder's rejection of the DBEs, the firms selected for that work (please attach copies of quotes from the firms involved), and the price difference for each DBE if the selected firm is not a DBE:

Names, addresses and phone numbers of rejected DBEs and the reasons for the bidder's rejection of the DBEs:

See attachment D

Names, addresses and phone numbers of firms selected for the work above:

E. Efforts made to assist interested DBEs in obtaining bonding, lines of credit or insurance, and any technical assistance or information related to the plans, specifications and requirements for the work which was provided to DBEs:

Information regarding obtaining plans and specifications, and help with bonding, lines of credit and insurance were provided in our Invitation to Bid and Advertisement, no assistance was requested.

F. Efforts made to assist interested DBEs in obtaining necessary equipment, supplies, materials, or related assistance or services, excluding supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate:

CCMI offered assistance with obtaining equipment, and supplies in our Invitation to Bid and Advertisement. CCMI did not receive any requests for assistance.

G. The names of agencies, organizations or groups contacted to provide assistance in contacting, recruiting and using DBE firms (please attach copies of requests to agencies and any responses received, i.e., lists, Internet page download, etc.):

NAME OF AGENCY/ORGANIZATION	METHOD/DATE OF CONTACT	RESULTS
WCOE (Women Construction and Executives)	Email - 8/13/14	Email blast was sent to all members with our ITB
Small Business Development Center	Email - 8/13/14	Email blast was sent to all members with our ITB

H. Any additional data to support a demonstration of good faith efforts (use additional sheets if necessary):

CCMI is continually working to build relationships with DBE subcontractors and suppliers, and we encourage them to work with us. We attend numerous outreach events to promote DBE and small business participation in our industry. See Attachment F for additional efforts.

NOTE: USE ADDITIONAL SHEETS OF PAPER IF NECESSARY.

**Good Faith Documentation

Purple Line Bidders Accuse L.A. Metro of Flawed Evaluation Process

By Scott Blair

Two losing bidders on the Westside Purple Line Extension Project in Los Angeles have filed bid protests over what they call a "flawed evaluation" by the Los Angeles County Metropolitan Transportation Authority (Metro) during scoring of the design-build, best-value proposals.

Three joint-venture teams submitted proposals for the nearly four-mile extension of Metro's existing Purple Line. The project calls for the design-build of twin tunnels underneath Wilshire Boulevard, heading west from the existing Wilshire-Western Station. The contract also includes three new cut-and-cover stations.

Under the "best value" evaluation process, Metro's proposal evaluators assigned 40% of the total score to price, 35% to technical approach and 25% to project management.

The winning bid of \$1.64 billion—submitted by STS, a joint venture of Skanska, Traylor and Shea—was \$192 million higher than the lowest price bid of \$1.44 billion, submitted by DAS, a joint venture of Dragados USA, Astaldi Construction and Southland Contracting. Westside Tunnel Partners (WTP), a joint venture of Impregilo, Samsung E&C America and Salina USA, was in the middle, at \$1.57 billion. Both DAS and WTP submitted protests.

Continued on page 9

Photo courtesy of Metro

During pre-construction for the Purple Line, an exploratory shaft dug by Metro found numerous prehistoric animal bones.

Veteran-Owned Small Businesses Contribute Unique Skills to High-Speed Rail

By Annie Parker & Elizabeth Jonasson

While the overarching goal of the Authority's Small Business Program is to achieve and exceed the 30 percent small business participation target on the high-speed rail program, within that target, the Authority is also working to achieve at least 3 percent participation of Disabled Veteran Business Enterprise (DVBE) businesses.

Over the last two years, the Authority's Small Business team has aggressively pursued partnerships with other organizations to market to DVBEs and get them involved in the project. The Authority has also done outreach to DVBEs through public events, conferences and in coordination with the California Department of Veteran Affairs. The fruit of these labors is starting to pay off. As of June, the Authority has a total of 26 DVBE firms that are currently committed to work on high-speed rail throughout the state.

This spring, three certified DVBEs were brought on board to perform activities on Construction Package 1 (CPI) between Madera and Fresno. In May, Fresno-based Katch Environmental, Inc. and Moore Twining Associates, Inc. joined the project and the 11th Aerial Photography Squadron joined in July.

Katch Environmental specializes in industrial hygiene, inspection and remediation, and is an expert in cutting-edge environmental technologies. Prior to demolition, they ensure that the buildings and structures are cleared of environmental hazards such as asbestos and lead.

"High-speed rail is investing badly needed dollars into our community, which is still recovering from the recession," said Paul Katchadourian of Katch Environmental. "My company is proud to be a part of this worldclass project and to help create jobs in this city I call home."

Moore Twining Associates is a multi-disciplined engineering and testing firm providing geotechnical engineering, environmental, construction inspection, materials testing, analytical chemistry and drilling services. They are tasked with maintaining quality control throughout the construction process by means of inspection and laboratory testing of concrete, soil, rebar, asphalt and base.

The San Martin-based 111th Aerial Photography Squadron is a company specializing in aerial video and photography. They will be conducting fly-over photos of progress along the 29-mile segment.

"We recognize that these businesses are ready and willing to compete for contract opportunities, and we are doing what we can to make sure they know what is available," said Authority Small Business Advocate Robert Padilla. "It's important that we take the time to reach out to DVBEs, especially those companies located in California and connect them with the program."

Use 'Em or Lose 'Em

Continued from page 1

forward. The NOL offsets income in the carry-back/carryover years to reduce taxes in those years.

Passive activity losses. If you are an investor in a business but don't materially participate, your losses are limited annually to income from this and other passive activities (including rental realty). Losses can be carried forward indefinitely and used to the extent of passive activity income each year. If you dispose of your interest in a taxable disposition (e.g., you sell your interest to an unrelated party), any remaining losses from this activity can be used in the year of the disposition without regard to passive activity income.

This list is not exclusive. There are carryovers for any unused foreign tax credit, residential renewable energy credit (for solar panels, etc.), and the minimum tax credit.

Recordkeeping of carryovers

The good news about recordkeeping is that you may not need to keep any yourself; your computer or your tax return preparer may do it for you. If you self-prepare returns and use the same software or cloud option, it keeps track of carryovers for you. Then, when you import last year's information for this year's return, the information is automatically there. Similarly, if you use a CPA or other paid preparer, the preparer's software will track the information.

However, if you change preparers, it may not be easy for your new professional to reconstruct carryovers. You'll need to provide old tax returns and supporting documents.

Even if you don't need to keep track of carryovers, it's helpful to do so as a reminder of tax breaks you'll be able to claim. This may reduce your estimated taxes for the current year and help your cash flow.

Conclusion

Pay attention to tax breaks that aren't fully utilized currently so you can benefit from them in the future. The onus is on you!

Dear Ms. Jennifer Baker:

Thank you for the invitation to bid on the above referenced project. Presently we are only negotiating subcontracts with receptive primes and our time is being invested on negotiated type subcontracts at this time. If your firm is interested in negotiating with me, please let me know and I will make myself available.

Estimating Department
C. C. Myers, Inc.

Dear Estimator:

SWPPP Solutions, Inc., a DBE, UDBE and WBE firm (#CT-032706), would like to submit a quote to you for the following project:

99W Bridge Replacement (at Thomes Creek)
Tehama County
Bid Opening: August 27, 2014

SWPPP Solutions, Inc. can prepare a construction Storm Water Pollution Prevention Plan (SWPPP) for this project that conforms to the General Permit (SWRCB Order No. 2009-0009-DWQ) for the lump sum of \$1500. If a Water Pollution Control Program (WPCP) is needed instead of a SWPPP, we can prepare a WPCP for the lump sum of \$750.

This quote covers any and all addenda issued, and any bid date changes or re-bids. If selected, SWPPP Solutions, Inc. will:

- Provide 4 copies of a project specific SWPPP or WPCP, and
- Revise the SWPPP or WPCP per General Permit requirements, as needed, to gain initial Owner approval.

We have successfully prepared SWPPPs for over 1,100 projects in California. If we can be of service for this project, or any other, please don't hesitate to call.

Best regards,

Dave Burns

BIDDER'S LIST OF SUBCONTRACTORS (DBE AND NON-DBE)- PART II

LAPM EXHIBIT 12-B

The bidder shall list all subcontractors who provided a quote or bid but were not selected to participate as a subcontractor on this project. This is required for compliance with Section 2.B-3 "DBE / Non-DBE Listing of Subcontractors" of these Special Provisions and per Title 49, Section 26.11 of the Code of Federal Regulations. Photocopy and staple this form to the bid for additional firms.
